

## **JewishCare Selects GoldCare as their Case Management and Community Care Solution**

Box Hill, Victoria – January 17, 2008 – Campana Systems Pty Ltd., market leaders in healthcare management solutions, is pleased to announce that JewishCare NSW has selected Campana's award-winning software, GoldCare, to provide the core applications for their case management and community care programs.

GoldCare is a comprehensive healthcare management solution that enables care providers to manage and support the many aspects of community, residential and continuing care: client and employee management, clinical administration, rostering, financials, reporting and more. An intuitive web interface, time-saving templates and customisable reports are just some of the features available in GoldCare to help care providers streamline their data management.

By selecting GoldCare as their healthcare management solution, JewishCare believes it will have the technology to help improve business efficiencies and coordination of client services, as well as enabling enhanced reporting.

“The complexity of community care makes a system like GoldCare a necessity for any care provider”, says Claire Vernon, Chief Executive Officer at JewishCare. GoldCare will allow us to manage the business operations at all of our service sites, across our entire continuum of care.”

“We’re proud that GoldCare will help a longstanding organisation like JewishCare provide essential community services for many years to come”, says Grant Roberts, President of Campana Systems.

JewishCare will implement GoldCare over the next several months.
